

Mark Johnson-Gateway Area Chapter, Director

Regional Representative-Eastern Missouri

Mark currently holds the position of Director of the Gateway Area Chapter of SCI, as well as the SCI Regional Representative for Eastern Missouri. He joined SCI in 2008 and has been very active in the local chapter and National organization ever since. Mark has served SCI in a variety of positions: Chapter Vice-President, Chapter Treasurer and currently serves as the Chapter Membership Chair. Mark also served on the SCI Foundation fundraising committee for one term.

Mark grew up in rural East Central Minnesota and started hunting, trapping and fishing at a young age. Whitetail deer, migratory birds, grouse, pheasant, and other upland game, like rabbits were plentiful.

In 1994 he relocated to the St. Louis area and enjoys deer hunting, migratory and upland game hunting with my wife Lisa and their three labradors. Other interests include target shooting, especially sporting clays.

Mark is a member of Top Gun Sportsman's Club in Lonedell, Missouri and is also a member of the St. Louis Suburban Bowhunters Club. Suburban Bowhunters help suburban property owners and subdivisions manage their deer populations.

He has a long bucket list of North American and international hunts he still wants to experience.

Mark is a wealth advisor in St. Louis with RBF Wealth Advisors. He and his wife Lisa, a nurse, live on a small farmstead in Lonedell, Missouri.
